CAREER OBJECTIVE

As a Computer Science graduate, it is my ambition to work with computers and be an exceptional programmer. My experience with computers has brought me through web page development, application development, and building my own computer. I am looking to find a new home to grow my expertise through experience and shared learning opportunities.

WORK EXPERIENCE

Full Stack Software Developer, SkipTheDishes

May 2018 - June 2021

Saskatoon, SK / Remote

- Involved with 2 teams with local and remote teammates: Courier Acquisition, and Dispatch Logistics
